

2009 FCCLA ADVISER ACADEMY APPLICATION

FCCLA's successful Adviser Academy is now taking applications for 2009-2010. The Adviser Academy is a two year program for new advisers to develop strong chapters and integrate FCCLA into their classrooms. Applicants must have less than 5 years experience, be committed to participation in all five tracks of the Academy within two years and must be supported by their state adviser. Track summaries are listed below. For additional information on the Academy program, please visit the FCCLA website to review track objectives and participant assignments.

Track 1: Developing a Chapter Vision (Held in conjunction with National Leadership Conference)

Advisers will be introduced to the National Consultant Team, learn about FCCLA curriculum, tools and integrating FCCLA into the classroom.

Track 2: Using Legislation to Change the Classroom (Held in conjunction with USA Leadership Training)

Academy participants will be integrated into USA Training and receive training from a professional lobbyist on how to effectively take the FCCLA message to policymakers.

Track 3: Leading at School (Held in conjunction with National Cluster Meetings)

Academy participants will be trained to be effective leaders and communicators in their schools. Participants will learn to involve key stakeholders such as administrators and parents and gain visibility for FCCLA by gaining professional development experience.

Track 4: Remaining Relevant as a Chapter (Held in conjunction with National Leadership Conference)

In the 4th track, the cohort will be encouraged to add to their program of work they built in Track 1 by integrating new national programs and STAR events into their classrooms. This track will focus building and maintaining a healthy chapter by working with local media and making connections with business and industry leaders in their communities.

Track 5: Participating at the State Level

Over the two year period of completing the Adviser Academy participants will be required to build a strong relationship with their state adviser and participate in at least one state meeting (e.g. conduct a workshop).

Any interested chapter advisers should download the application and send to:

Family, Career and Community Leaders of America
